

Archie

Boxer

A4 pastel on ingres paper

“Our beloved 10 year old Boxer Archie died in March 2010. We missed him terribly and after browsing the web to find an artist who could do Archie justice, I found Georgina. The painting she produced for us was exceptional and almost one year on, this picture is in our living room and we look at it lovingly every day.

My husband and I would thoroughly recommend her work. Her service at all times throughout the process was exemplary.”
