

Barney, Molly & Badger

Lurcher and Jack Russells

A3/A2 pastel on ingres paper

“Thank you for a wonderful portrait. My husband John was overcome when he saw it, as we all have been. He could not believe what he was seeing at first, how you have captured them perfectly and made them come alive.

It was a dreadful time losing Molly and Badger so closely together but your portrait truly has captured their spirit. There is so much of their personalities in the portrait and everyone who knew our beautiful dogs have said this.”
